

EXPORT POLICY

Customer represents and warrants that it shall not sell, dispose of, license, rent, and transfer, disclose, or otherwise provide any hardware, software, and/or technical information provided by Homeland Components, Inc., a HyperActive Company to any party intending or likely to apply or to have a third party use the products for the purposes or activities to disturb international peace and security, including design, development, production, stockpile, or any use of weapons of mass destruction such as nuclear, chemical, or biological weapons or missiles to deliver any such weapons, and any other military purposes or activities, or any use supporting these weapons activities. In case of customer's provision of the products to the purchaser, it shall contract with the purchaser not to use the products for the purposes or activities above. Customer shall not directly or indirectly export, re-export, or transship the products in violation of any applicable export control laws and regulations promulgated and administered by the governments of the countries claiming jurisdiction over the parties or transactions.

U.S. Domestic Sales Statement: Seller intends the transaction covered by this quote or invoice to be a purely domestic sale for delivery within the United States, and does not intend for these products to be exported from the United States. If these products are exported from the United States, the following conditions apply. Buyer certifies it will not sell, transfer, export, or re-export products, software, technical data or services purchased and sold under this agreement in violation of the export laws of the United States. Buyer understands that such sale, transfer, export or re-export may require a license from the U.S. Government and that transfers to certain countries or entities are prohibited under U.S. Law. If this merchandise is exported, Buyer bears all responsibility to obtain any necessary export licenses from relevant U.S. Government agencies.
